Thanks. I am glad. I want to make sure someone is trained in all facilities.

FIRST AID/CPR/AED TRAINING

The Safety Committee will be hosting a First Aid/CPR/AED class in Maynard for civilian employees. The class is limited to 8 people. More than one class will be held if there is enough interest

The purpose of the class is to train individuals from each facility with the goal that those trained people would respond to an incident in one of our facilities and administer basic first aid and if needed CPR and the AED until an ambulance arrives.

Please send me an email by September 18th if you would like to be considered for this class.
